

# Just Luv Me

Britney Spears

Just luv me (just luv me)  
Just luv me

I'm not gonna ask for a sip when I'm thirsty  
And you don't have to hold my hand when I'm hurting  
Won't make you sober me up when I'm turning  
And you don't gotta say it, I know that I'm worthy

You could ask me for a sorry  
Let it the calm before the storm  
Ask for pieces of my body  
Until all of it is yours

But I'm not gonna ask you for nothing  
Just luv me, just luv me  
I'ma keep it simple, real simple  
Just luv me, just luv me  
I'm not gonna ask you for nothing  
Just luv me, just luv me  
I'ma keep it simple, real simple  
Just luv me, just luv me, just luv me

If you think that I'm saying that because I'm high maintenance  
Like I'm trying to mask every problem that I'm facing  
Well you're wrong cause I don't need nobody when I'm breaking  
All I need is your love and a little bit of patience

You could ask me for a sorry  
Let it the calm before the storm  
Ask for pieces of my body  
Until all of it is yours

But I'm not gonna ask you for nothing  
Just luv me, just luv me  
I'ma keep it simple, real simple  
Just luv me, just luv me  
I'm not gonna ask you for nothing  
Just luv me, just luv me  
I'ma keep it simple, real simple  
Just luv me, just luv me, just luv me

I'm not gonna ask you for nothing  
Just luv me  
I'm not gonna ask you for nothing  
Just luv me

Oh no, I won't, I promise, I promise  
Oh no, I won't ask you for nothing  
Oh no, I won't, I promise, I promise  
I promise, I promise

But I'm not gonna ask you for nothing  
Just luv me, just luv me  
I'ma keep it simple, real simple  
Just luv me, just luv me  
I'm not gonna ask you for nothing  
Just luv me, just luv me

I'ma keep it simple, real simple  
Just luv me, just luv me, just luv me

Oh no, I won't, I promise, I promise  
Oh no, I won't ask you for nothing  
Oh no, I won't, I promise, I promise  
I promise, I promise  
I'm not gonna ask you for nothing  
Just luv me (Just luv me)
