

# Out From Under

Britney Spears

1. Breathe you out  
Breathe you in  
You keep coming back to tell me  
You're the one who could have been  
And my eyes  
See it all so clear  
It was long ago and far away but it never disappears
- X: I try to put it in the past  
Hold on to myself and don't look back
- R: I don't wanna dream about  
All the things that never were  
Maybe I can live without  
When I'm out from under  
I don't wanna feel the pain  
What good would it do me now  
I'll get it all figured out  
When I'm out from under (From under, from under, from under)
2. So let me go  
Just let me fly away  
Let me feel the space between us growing deeper  
And much darker every day  
Watch me now and I'll be someone new  
My heart will be unbroken  
It will open up for everyone but you
- X: Even when I cross the line  
It's like a lie I've told a thousand times
- R: I don't wanna dream about...
- \*: And part of me still believes  
When you say you're gonna stick around  
And part of me still believes  
We can find a way to work it out  
But I know that we tried everything we could try  
So let's just say goodbye Forever
- R: /: I don't wanna dream about  
All the things that never were  
Maybe I can live without  
When I'm out from under  
I don't wanna feel the pain  
What good would it do me now  
I'll get it all figured out  
When I'm out from under :/
