

# Perfect Lover

Britney Spears

Are we ready  
Are we ready ready  
Are we ready  
Are we ready ready

Ah ah ah ah..  
Ah ah ah ah..

My body feels like an inferno  
Like I'm in a race and I'm jumping the hurdle  
Come closer we'll pursue it  
Baby Just let go we can do it

Baby I'm just hot for taking  
Don't you wanna see my body naked  
And I bet you like the way I shake it  
And I hope that you can take it

You're the perfect lover  
I'm in love with all the things you do  
So seductive when you touch me  
I can't get enough of you  
You're the best  
Baby, you got me obsessed  
And I can't catch my breath  
Baby, I must confess you got me  
Ah, ah, ah  
When you come around  
Got me so damn high  
Can't come down  
Everytime you touch me there  
You make me feel so hot

I love it  
everything you do is so seductive  
You got everything that I want and then some  
And I can't even front so listen  
I know what your missing  
Better hurry up  
Cause time is ticking  
Tic Tock Tic Tock  
Come and Get me while I'm hot

You're the perfect lover...

[2x]  
Pull up to my bumper  
Need a jump, not a chump  
Fill me up, I'm running low  
Let me drive you crazy  
All night cause we got so far to go

You're the perfect lover...
