

Don't Hide

Britny Fox

If you're down in the dumps we'll lend a hand.
You can rely on us we'll take command.

You won with all the glory, you stood right by our side.
You don't need a place to hide.

Don't hide, we're on your side, we'll stand by your side.
So don't hide.

Just stand right by my side you'll learn to fight.
Well alright.
Just lift your head up high you have the right.
