

Dream On

Britny Fox

Come on

There's this girl I used to know
The way I feel heaven knows
I look up high and dream at night
Memories, I can't let go

Don't you know how it feels?
(Don't you know how it feels?)
Did you know your dreams are real?

Don't you know you have the time?
(Don't you know you have the time?)
This dream feels good inside

Dream on, oh, dream on
(Dream on)
Don't you know your gonna find that star? Dream on

Dream on, oh, dream on
(Dream on)
Wish upon a star and dream on, yeah

Hand in hand, we'll rock this land
Gone through blues with her heart
Sometimes we need to make our dreams
Things may glow bright as the stars

Don't you know how it feels?
(Don't you know how it feels?)
Did you know your dreams are real?

Don't you know you have the time?
(Don't you know you have the time?)
This dream feels good inside

Dream on, oh, dream on
(Dream on)
Don't you know your gonna find that star? Dream on

Dream on, oh, dream on
(Dream on)
Wish upon a star and dream on, oh, yeah

Dream on, yeah

Dream on, oh, dream on
(Dream on)
Don't you know your gonna find that star? Dream on

Dream on, oh, dream on
(Dream on)
Wish upon a star and dream on

Dream on, oh, dream on
(Dream on)
Don't you know your gonna find that star? Dream on

Dream on, oh, no
(Dream on)
Wish upon a star and dream on, oh, yeah

Hey
(Dream on)
Oh yeah, hey
(Dream on)

Oh, yeah, hey
(Dream on)
Oh yeah, hey

Wish upon a star and dream on
Oh, yeah, yeah, hey
