

## Plenty Of Love

Britny Fox

There's a club that I go to  
Where this girl drives me wild  
I fell for her right on sight  
With a wink and her smile

I've been searching for a long time, honey  
For a girl like her  
She's got what it takes for me  
To make my world

You're the girl that I need  
You make me feel at ease  
(Ease)  
I'll satisfy all your needs

I got plenty  
(He's got plenty)  
Plenty of lovin' for you  
Don't you know I got plenty  
(He's got plenty)  
Plenty of lovin' for you

She gave me her number  
I said I'll give her a call  
She's not just a hot little number  
'Cause she's the belle, the belle of the ball

I've been thinkin' about you  
Every day and night  
I'm gonna take you far away  
To make your love feel right

You're the girl that I need  
You make me feel at ease  
(Ease)  
I'll satisfy all your needs

I got plenty  
(He's got plenty)  
Plenty of lovin' for you  
Don't you know I got plenty  
(He's got plenty)  
Plenty of lovin' for you

I got plenty  
(He's got plenty)  
Plenty of lovin' for you  
Don't you know I got plenty  
(He's got plenty)  
Plenty of lovin' for you  
Plenty of lovin' for you

I got plenty  
(He's got plenty)  
Plenty of lovin' for you  
Don't you know I got plenty  
(He's got plenty)

Plenty of lovin' for you

I got plenty  
(He's got plenty)  
Plenty of lovin' for you  
Don't you know I got plenty  
(He's got plenty)  
Plenty of lovin' for you

I got plenty  
(He's got plenty)  
Plenty of lovin' for you  
Don't you know I got plenty  
(He's got plenty)  
Plenty of lovin' for you  
Plenty
