

## T.L.U.C. (For You)

Britny Fox

I think about you everyday  
you're in my life  
you put the wheels in motion  
I'm just getting by

For you

I can't stop my heart breaking  
You have gone away  
And I will keep on dying  
A little bit each day

Enter Tomorrow  
Come with me  
I got a way  
I got a way
