

# Don't Worry Now

**Britt Nicole**

Yeah

Seven years old, you heard me cry  
I don't wanna say goodbye  
To the only man that I love  
My daddy and everything he was  
I don't think I can live without you  
Dad, I know you're breaking in two  
With tears running down his face  
He says we're gonna make it  
We're gonna make it

When you feel like you are all alone  
Just like your best friend up and gone  
Don't worry now  
Don't worry now  
I've been there yeah, I know how it feels  
To wonder if love is even real  
Don't worry now  
Don't worry now  
It's gonna be ok

I've been trying to find a way to understand  
When I can't see the picture of God's plan  
Why would He let us hurt so bad?  
Could anything good come of these feelings that I have?  
He loved me more than the sand on beaches  
He loved me more than the grass is green  
And even though he had to go  
I always knew his love was part of me, yeah

When you feel like you are all alone  
Just like your best friend up and gone  
Don't worry now  
Don't worry now  
I've been there yeah, I know how it feels  
To wonder if love is even real  
Don't worry now  
Don't worry now

It's taken so long to let this go  
It's taken so long to feel that  
You're right here next to me  
And I can finally breathe  
It's taken so long but now I know  
I had to find out on my own  
When nothing could convince me  
Your love it convinced me  
That it's gonna be ok

When you feel like you are all alone  
Just like your best friend up and gone  
Don't worry now  
Don't worry now  
I've been there yeah, I know how it feels  
To wonder if love is even real  
Don't worry now  
Don't worry now

Because it's gonna be  
Yeah, It's gonna be ok
