

# Do You

Bro'Sis

Do you know what it feels like?  
Do you know when the time's right  
To go your very own way?  
No matter what they say

I was never the one to do  
The things all the people do  
I'm the one to decide if  
What I do is cool

Never do I listen to  
What my parents try to tell me  
A regular nine to five  
Is not a part of my dream

(What, ah)  
I always did my own things  
And start my own kind of trends  
I like buying new sneakers  
An big baggy pants  
I like going to the movies with a girl in my arm  
I like boys that are cute  
With a lot of charm  
I like going to a party, dance a night away  
Sometimes I stay in bed  
And I sleep all day  
And if I don't like something,  
I'll be quick to let you know  
And this is how the story goes!

Do you know what it feels like?  
Do you know when the time's right  
To go your very own way?  
No matter what they say

Do you know what it feels like?  
Do you know when the time's right  
To go your very own way?  
No matter what they say

I'll always be curious  
About a whole lot of stuff  
And my mind always don't stop  
Until you get enough

If I see something that  
I like, I go and grab it  
And if I can't get it  
On the same day

Hey, that'll be another  
Just don't sweat it  
You have to keep your head up  
And go for your dreams,  
Sometimes a little harder  
Than what it may seem

And believe in yourself and go  
For what you know,  
Sometimes it's fast,  
Sometimes it's slow  
There are moments in your life  
You wanna scream out loud,  
And the others may wonder  
What this is all about

It's just us six  
Getting ready for the show  
And this is how the story goes

Do you know what it feels like?  
Do you know when the time's right  
To go your very own way?  
No matter what they say

Do you know what it feels like?  
Do you know when the time's right  
To go your very own way?  
No matter what they say

Not one of y'all can hate on me or can now,  
None of y'all can put no weight on me, you feel me  
Cause I'm out on own with it  
And don't get mad 'cause I didn't need you to get it, hear me now  
I hold it down each and everyday  
And do my own thing my own way  
So listen up you can hate if you want to  
Front if you want to  
But you'll never ever turn me into you  
Hey

Do you know what it feels like?  
Do you know when the time's right  
To go your very own way?  
No matter what they say

Do you know what it feels like?  
Do you know when the time's right  
To go your very own way?  
No matter what they say

Do you know what it feels like?  
Do you know when the time's right  
To go your very own way?  
No matter what they say  
Do you ha ha ha
