

Gimme Some Lovin'

Bro'Sis

Gimme, gimme, gimme, gimme some lovin'
Gimme, gimme, gimme, gimme some lovin'
Gimme, gimme, gimme, gimme some some lovin' and affection
Gimme, gimme, gimme, gimme some lovin'
Gimme, gimme, gimme, gimme some lovin'
Gimme, gimme, gimme, gimme some some lovin' and affection

I'm not worried about your house on the hill
Or your cars, how you get your thrills
If you want me, then you gotta be for real,
If you need me, then shorty what's the deal?

If you really wanna win my heart, love me right from the very start
That's the only way you can have all my emotions
I'll be all that you need, promise I never leave
If you just give to me all of your devotions

I'm not used to all these downs, runs and whirls,
expensive cars, trips around the world,
I can't give you all all those things
What I can do is give you one more chance

If you really wanna win my heart, love me right from the very start
That's the only way you can have all my emotions
I'll be all that you need, promise I never leave
If you just give to me all of your devotions

I step into the scene Like a beam of light
Helping you feel the southern comfort, 'cause it's all alright
Hard heads recognize the look into my eye
When ha on high, don't act all surprised (Who dat?)
Who dat cat set 'em of something sweat
Pull your cap to tha back an still do the freaks (Who dat?)
Give me some love in this party baby (Who dat?)
Gimme some love
