

## According To No Plan

Broadcast

Oh, and I found myself lost  
Looked but nowhere to belong  
First status I achieve  
Holds nothing I believe  
And we drift on and among  
According to no plan

And I don't know where we are  
Can't say what we're affected by  
Something has our speed  
Leaves us open to defeat  
And we drift on and among  
According to no plan

First status I achieve  
Holds nothing I believe  
And we drift on and among  
According to no plan
