

# Ominous Cloud

Broadcast

Oh, let me sail away  
On the beach and on the earth  
The boats on the sea are blissfully free  
They will come to no harm 'cuz the waves are so calm

Oh, let me think a while  
To the playground of your smile  
The wind through the flame whistles your name  
Though you said goodbye you did not leave my mind

Oh, I've got to get away  
From this town don't want to face  
The ominous clouds  
But not now, not now, not now

I've got to find a place  
Be myself and learn to face  
The ominous clouds  
But not now, not now, not now

I want to sail away  
Want to look back on the day  
And hide with my hand what's left of the land  
Though I leave it behind it will not leave my mind

Oh, I've got to get away  
From this town don't want to face  
The ominous clouds  
Oh, not now, not now, not now

I've got to find a place  
Be myself and learn to face  
The ominous clouds  
But not now, not now, not now
