

You Can Fall

Broadcast

To those who hate
Have cried for no one
You can call, you can call

To those who talk
And wish against me
You can call, you can call

Late in the evening
When it gets dark
You can call

To those who say
They go unbeaten
You can fall, you can fall

To those who say
It's because they're weak
You can fall, you can fall

Late in the evening
When it gets dark
You can fall
