

## You Can Fall

**Broadcast**

To those who hate  
Have cried for no one  
You can call, you can call

To those who talk  
And wish against me  
You can call, you can call

Late in the evening  
When it gets dark  
You can call

To those who say  
They go unbeaten  
You can fall, you can fall

To those who say  
It's because they're weak  
You can fall, you can fall

Late in the evening  
When it gets dark  
You can fall
