

## Only Life I Know

Broder Daniel

I walk home the same old streets  
By grey walls and hard concrete  
I see the factories silhouette  
Oh my love Im a poet

I am only living  
When I am drinking  
Cause I got no alternatives  
I am out of initiatives

Its the only life I know  
To wear the streets of this town  
I wear down the sidewalks home  
Its the only life Ive learned  
To wear down the sidewalks  
Home of this old town

I watch the days go by  
While life is on standby  
But Ive got no more time to give  
We all die, but not all live
