

# Leave It Alone

Broken Bells

All this time  
I'd never let you go  
And now the same chains that I kept you in  
They're holding down my soul  
I set you up, I gave you life, I dragged you out the fire  
And now you knocked me down, and you shut me out,  
And I can see it in your eyes

Somehow you got it in your head  
That you can make it on your own  
You were sheltered, loved, and fed  
But you just couldn't leave it alone

Leave it alone, leave it alone  
Leave it alone, leave it alone  
Leave it alone, leave it alone  
Leave it alone, leave it alone

Well your heart was here  
Resting on my lap  
And I'd do it all again  
But I'm never coming back  
Well I know I'm lying  
Lying in the cold  
Yeah, there's snow on the ground, and if I know myself  
I'll be leaving down the road

I've been all around the world  
But I got nowhere to go  
I gave into this lonely life  
And you can't change me now, so leave it alone

Leave it alone, leave it alone  
Leave it alone, leave it alone  
Leave it alone, leave it alone  
Leave it alone, leave it alone

The ghosts are on the green  
Each and every night  
Oh, the distant light  
That's the hardest part to take  
That's the heart of all my pain  
Lying in the cold  
Oh, the distant light  
In a hue we can't describe, still we know

Could it all be over now  
We've seen it all the while  
There's no dimension to the clouds  
The moon and world around  
That's the heart of all my pain  
Cause I don't want to go  
Oh, the distant light  
In a hue we can't describe, still we know
