

Life's Too Fast

Broken Bones

I'm living in the fast lane, I got no time to die
Get off my back, I wanna take someone's life
Don't look at me in the same old way
Or I'll get a gun and blow you away
Go ahead - Make my day
I said - Life's too fast, too fast to die
I ain't going down, I ain't gonna die
I ain't gonna slip, I'm gonna take no shit
Life's too fast, too fast to die
Tell me what it's like, I wanna feel your pain
I got one hand inside you, don't spit in my face
You're gonna die, you piece of shit
Look at my face, when you fuck my fist
Your ass is mine, you're on your back all the time
My intentions are clear, Shut your mouth bitch
If you don't wanna die here
You never listen to what I say
Well, if you don't come back, that's OK
