

## Life's Too Fast

### Broken Bones

I'm living in the fast lane, I got no time to die  
Get off my back, I wanna take someone's life  
Don't look at me in the same old way  
Or I'll get a gun and blow you away  
Go ahead - Make my day  
I said - Life's too fast, too fast to die  
I ain't going down, I ain't gonna die  
I ain't gonna slip, I'm gonna take no shit  
Life's too fast, too fast to die  
Tell me what it's like, I wanna feel your pain  
I got one hand inside you, don't spit in my face  
You're gonna die, you piece of shit  
Look at my face, when you fuck my fist  
Your ass is mine, you're on your back all the time  
My intentions are clear, Shut your mouth bitch  
If you don't wanna die here  
You never listen to what I say  
Well, if you don't come back, that's OK
