

## Systematic Abuse

### Broken Bones

Another suicide, a cry for help  
Sympathy, neglect, what the hell  
Can't live up to expectations  
They push too hard at your limitations  
Systematic Abuse (4x)  
They bite off more than you can chew  
Put you on a pedestal, but look at you  
All fucked up, too tired to think  
All cries for help, all in vain  
Systematic Abuse (4x)  
Fuck all Society (4x)  
Sitting in a corner all alone  
Gun in hand, crying on the phone  
No one can help you, they don't know  
Pull the trigger, it's time to go.  
Systematic, systematic, systematic abuse (4x)
