

Systematic Abuse

Broken Bones

Another suicide, a cry for help
Sympathy, neglect, what the hell
Can't live up to expectations
They push too hard at your limitations
Systematic Abuse (4x)
They bite off more than you can chew
Put you on a pedestal, but look at you
All fucked up, too tired to think
All cries for help, all in vain
Systematic Abuse (4x)
Fuck all Society (4x)
Sitting in a corner all alone
Gun in hand, crying on the phone
No one can help you, they don't know
Pull the trigger, it's time to go.
Systematic, systematic, systematic abuse (4x)
