

# Swamped In Gore

## Broken Hope

A grave - robbed corpse is a souls disgrace,  
smother the decay of carcass into your face,  
Septic wash drowning in a retched river of  
excrement, shriek soundlessly,  
Eyeballs burst as skull begins to crush, heads now  
nothing but blood pulp and mush,  
Disemboweled abdominal organs internal, blood  
and guts run in pain so infernal

Hopelessly swamped in gore  
Pathetically swamped in gore  
Horribly swamped in gore  
Gloriously swamped in gore, gore, gore, gore, etc.....

Limbs are sloppily severed, your still alive cannot  
walk or grasp brain still registers,  
Belly slit intestines spill out upon the floor, in a few  
agonized hours life will be no more,  
At the moment your entangled in your entrails  
death comes bladder bowels let loose, voluntary organs fail,  
Bloated ripe cadaver, foul odor reek with might,  
breaks open easy maggots ooze everywhere

repeat chorus

Reek of meat mortis  
Scenes of gore are never ending as your engulfed  
in a death pit up to your neck in hellish bile  
Dead waste so vile,  
Fatty breakdown of flesh and organs after years fill  
this cesspool acidic paste eats your body,  
Toxic jelly from rot,  
Blood, pus, and liquids internal excrete into this  
mess vomit bubbles through your chest and neck,  
Swamped in gore, gore, gore, gore, etc.....

Limbless on your back, all you do is bleed,  
castrated penis onto tongue, you must force feed,  
Disgusting flow of mucous bile and all digestive  
juices, blood, saliva, pus, urine, shit, and all vital fluids,  
Worse than hydrochloric acid is the fatty  
breakdown of flesh and organs fill the pit creating a vulgare paste,  
revolting vile rancorous goo eats you alive, soon  
you'll be another corpse, Swamped in gore...
