

## 7/4 (Shoreline)

### Broken Social Scene

It's a shoreline  
And it's high speed  
It's a cruel world  
And it's time

And you're walking away  
Oh, where to go to?  
And you're walking alone  
Oh, how to get through?  
If you want to get it all  
You can own what you choose  
But you want to live a lie  
And love what you lose

It's a shoreline  
And it's high speed  
It's a cruel world  
And it's time

While you're walking away  
I will try to get through  
But you've got to know the lies  
From the lies they told you  
If you try to do it all  
It all will leave you  
If you try to steal the beat  
The beat will steal you

It's coming, it's coming in hard  
It's coming, it's coming in hard  
It's coming, it's coming in hard  
It's coming, it's coming in hard  
It's coming, it's coming in hard  
It's coming, it's coming in hard  
It's coming, it's coming in

It's a shoreline  
And it's high speed  
It's a cruel world  
And it's time

It's coming, it's coming in hard  
It's coming, it's coming in hard  
It's coming, it's coming in hard  
It's coming, it's coming in hard  
It's coming, it's coming in hard  
It's coming, it's coming in hard  
It's coming, it's coming in
