

Fly Away

Brokencyde

Girl we can fly away
Roc-rocket ship up in my driveway
We superhigh we hit the skyway
Cause we aint got shit to do on Friday

Yeah time is tickin so we blast off
She likes to shake her-shake her ass off
We're way to high for you to drop it low
She's never been up in the stars before

Your kisses are amazing
Got my heart racing
Aint no hesitation when I'm with you
Shawty you can be my alien
I can be your spaceship
We can fly away til' we're close to the moon

Ima fly away with you (oh oh oh, oh oh oh, oh oh)
Ima fly away with you (oh oh oh, oh oh oh, oh oh)
Ima flya way with you

She's my main chick main chick
Nah she aint no lame chick
Watch her down the bottle like she's on some David Blane shit
Aint goin' down weightless
While flying in my spaceship
Dodging all these girllies like the matrix
Shake em shake em off
Yeah watch me break em off
Got em' pointing at the sky every time we're taking off
Now first I hit it once
And then I hit it twice
Got you feelin so fly when we're floating through the sky

Your kisses are amazing
Got my heart racing
Aint no hesitation when I'm with you
Shawty you can be my alien
I can be your spaceship
We can fly away til' we're close to the moon

Ima fly away with you (oh oh oh, oh oh oh, oh oh)
Ima fly away with you (oh oh oh, oh oh oh, oh oh)
Ima fly away with you

Ima fly away with you
Ima fly away with you
Ima fly away with you

Ima fly away with you (oh oh oh, oh oh oh, oh oh)
Ima fly away with you (oh oh oh, oh oh oh, oh oh)
Ima fly away with you (oh oh oh, oh oh oh, oh oh)
(oh oh oh, oh oh oh, oh oh)
Ima fly away with you
