

High Timez

Brokencyde

We be puffin on the endo
We blowin kush up out the window
I got the girllies in the back seat
the 5-0 cant catch me
If you wanna smoke kush then light it up
Put your hands in the sky lets get high as fuck
Lemon Haze Closure inside the blunt
we get high all night
And I don't even wanna sleep yet
i got the beat set
listening to keith sweat
want my cheap bet
we get it poplin girl its just how it goes
if you wanna get drunk, imma smoke my dro
We get high till I cant come down from it
i took a brand new sound and made it sound legit
i took your weak ass dime
put a crown on it
and thats the mutha fuckin thanks I get, shit
and i never really realized how much i love
making music and makin you move in the club
smoking blunts all day we get blazed as fuck
and get high all night (Cough)
tell em
We be puffin on the endo
We blowin kush up out the window
I got the girllies in the back seat
the 5-0 cant catch me
and if you want me you can find me
i'm puffin on the bob marley (bob marley)
i got my homie riding shotty (shotty)
and we ride all night
Life is so great what can i say
got me feeling so good its that time of day
we are rollin in the van with the windows rolled up
blunt in my hand and its just rolled up
michael's real mad cuz he's getting smoked up
everybody's glad cuz we just got paid out
you know what I bought
a fat ass haze
and a little bit of has just for the taste
hah
its really stony off these fruity pebble snacks
gettin mad blown with a little bit of that
pushes my cologne
let me blaze real fast
yeah
wanna get stoned then listen to this track
get high get by
this is something for the smokers to jam to
gettin lazed
on the haze
cause we do what we want
We be puffin on the endo
We blowin kush up out the window
I got the girllies in the back seat
the 5-0 cant catch me

and if you want me you can find me
i'm puffin on the bob marley (bob marley)
i got my homie riding shotty (shotty)
and we ride all night
its kind sicky, very complicated
the way we wake and bake it stays
staying elevated, for ever faded
smokin on the dank, highly compensated for the way we do our thang
brokencyde, km to the k
diddy-dottie-diddy-dottie-diddy-dottie day
the filth of fury we do it our way
take another hit kid and let the haters hate
i turned my bathtub into a grow womb
if you walk by when my sister's in full blown
thats going bitch
sit by myside she sits by my side
shes the queen of my green she always elevates my high
oh you think you've seen her before
ridin out your green thumb
while I was one tour
probably so she gets around
she's so crafty she wears my crown
We be puffin on the endo
We blowin kush up out the window
I got the girlies in the back seat
the 5-0 cant catch me
and if you want me you can find me
i'm puffin on the bob marley (bob marley)
i got my homie riding shotty (shotty)
and we ride all night
(odd sluring and coughing)
Bob Marley and Kush
What up doggy?
Oh Shit
What the fuck am I?
