

# I'm Sorry, I Am

Brokencyde

I've been writing this letter  
For a couple of months now  
And right now  
What I wanna do  
Is I wanna express this letter  
To you  
It goes like this

Your eyes  
They flow  
From all the pain I caused  
I lost my cause  
I only broke your heart  
Alone I cry  
I tried so hard to break you  
I love you  
I hate you  
Why wont you let me go?

I, I feel the raindrops fall  
These tears wont take you away,  
I'm sorry I am

I, I hear the thunder scream  
It's screaming out for me,  
I'm sorry I am

The rain it drips the rain drops dripping (8x)

The rain drops down

Your eyes  
They flow  
From all the pain I caused  
I lost my cause  
I only broke your heart  
Alone I cry  
I tried so hard to break you  
I love you  
I hate you  
Why wont you let me go?

The rain will follow me, I feel like I can't breath, I'm sorry  
I fell asleep again, when will this tempest end, I'm sorry I am

The rain it drips the rain drops dripping (8x)

Your eyes  
They flow  
From all the pain I caused  
I lost my cause  
I only broke your heart  
Alone I cry  
I tried so hard to break you  
I love you  
I hate you  
Why wont you let me go?

I, I dreamt that you were here, lying next to me,  
I'm sorry I am

I, I finally realized that I fucked up your life,  
So I'm sorry I am

The rain it drips the rain drops dripping (8x)

Your eyes  
They flow  
From all the pain I caused  
I lost my cause  
I only broke your heart  
Alone I cry  
I tried so hard to break you  
I love you  
I hate you  
Why wont you let me go?

I'd die tonight  
If only you were here  
I'd tell you I'm sorry  
I'd fucking disappear

Betrayed,  
You hate me  
You look so pretty now  
Without me  
Alone  
The tears come crashing down.
