## **Still Waiting 4 U**

Brokencyde

And everyday, I see him there (WITH YOU!) Holding your hand, just trying to (KISS YOU!) I tried so hard, I wanna be (WITH YOU!) Cause I can't take this pain, cause I (MISS YOU!) I won't let go, my heart will not (LET ME!) So I'm alone, just feeling so (EMPTY!) I'll kill myself, let the devil come (GET ME!) And take away, the pain that you (LEFT ME!)

Well I admit it I'm jealous, I feel like givin' up I'll kill myself But something tells me you won't give a fuck

And I don't want to waste my time If it ain't worth it I could jump off a roof on purpose Until I hit the surface

So fuck the pain, Fuck the past And fuck your new friend I don't want nothin' to do, with nothin' that you are doin' (2x)

And I don't want to lose The love of my life I can't take you no where now You probably fucked other guys

I mean, you're already with one At least I lost everything I know there's better things out there, But you're my everything

The one I'm still alive for The one I won't lose That's why I'll do anything Just to hold you (2x)

About a year has passed me I still miss you I still see you with that same guy That tried to kiss you

I'm by the phone, Waiting for you to come home I'm on my own Never told you to leave me alone

So tell me, Exactly how am I suppose react Before you left me You told me that you were gonna come back (2x)
