

# The Broken!

## Brokencyde

Brokencyde! Brokencyde will never die! (3x)  
Broken... We don't feel the rage you left inside!  
Your time will come, for you to die!

You! You!  
You're broken!  
Yeah! Yeah!  
The broken... Will never... (Yeah!) Die!

Until these lights all fade away  
I'll sing my heart out everyday  
You could try hard you'll never break  
(Was i really broken down!)

Until these lights all fade away  
I'll sing my heart out everyday  
You could try hard you'll never break  
(Was i really broken down!)

The broken!  
You're! You're!  
You're killing me!

The broken!  
You're! You're!  
You're killing me!

You killed me! Wait for me...  
You'll stand... (Yeah! Yeah!)

My death feels weak inside!  
Your death will wait, away from me!

You're! You're!  
You're killing me!  
You're! You're!  
You're killing me...

Until these lights all fade away  
I'll sing my heart out everyday  
You could try hard you'll never break  
(Was i really broken down!)

Until these lights all fade away  
I'll sing my heart out everyday  
You could try hard you'll never break  
(Was i really broken down!)

The broken!  
We are... The broken...  
The broken!  
We are... The broken...  
The broken!  
We are... The broken...  
The broken!  
We are... The broken...  
The broken!  
We are... The broken...

You're broken!  
You're broken because of you!  
We're broken!  
Broken inside! What!  
Because of you! I'm broken! (2x)

Because of you! Broken inside!  
Because of you, I'm broken!  
We are.... The broken..
