

## Cadillac Car

**Bronski Beat**

Sell me your soul  
And I'll make you a star  
Fantasies turned realities  
And a Cadillac car  
Watch them hero worship  
The boys at the bar  
You they idolise  
The all boy America  
We will make them be your doggies  
We will make them kiss your ass  
As you bathe in gold and blood  
May the best boy win  
Let the winner beg for refuge  
Feast upon the losers heart  
We could live in pain forever  
If I made you a star  
You, me the doggies and a  
Cadillac car  
De ba da dee da...
