

# No Difference

Bronski Beat

Mmmmmhhh

A promise never kept by the one's you loved  
You were hurt by the one's you love  
But, I'm still here

A letter hidden feelings you dare not send  
You should know that you can depend  
I'll stay right here  
I swear your not alone

And, so what if they don't approve  
Love isn't governed by laws  
I will fight them all for you  
Until they listen to me

Because  
There's no difference between us  
We're one in the same  
There's no difference between us  
We play soul same game

The street lamp  
Shedding light on your crying heart  
Every night tears you soul apart  
And makes you scared

And knowing  
Telling you you can do no more  
I can tell you one thing for sure  
I'll stay right here  
I swear your not alone

And, so what if they don't approve  
Give them eyes to see  
I will tell them all for you  
Until they listen to me

Because  
There's no difference between us  
We're one in the same  
There's no difference between us  
We play soul same game

Ooohhh  
Ooohhh  
Ooohhh  
Ohhhwwooo

Ooohhh  
Ohhhwwooo  
Ohhhwwooo  
Ohhhwwooo

Ohhhwwooo  
Ohhhwwooo  
Oh, no no difference  
Ohhhwwooo
