

## What Are You Doing About It

Bronski Beat

Truthdare doubledare  
Oh, oh, oh, what are you doing about it  
Oh pick me up baby  
'cos I'm falling for your love  
Won't give it up  
For nothing, never had enough  
My pleasure's yours honey  
Feeling loose inside  
You won't be sorry lover  
For looking at my eyes  
Through the night I stalk and prey  
Looking for a place to stay  
Something yearning in my heart  
I couldn't stay another day  
There could be no other way  
My love is screaming to your heart

I've stuck arround this place too long baby  
Another minute I'll go crazy  
Have to find someone in need, honey  
Must get my way, I must succeed  
Check out this place  
I see you there  
The hunters being hunted  
My pleasure's yours honey  
Feeling loose inside  
There's suspicion
