

## Evergreen

BROODS

Lay by me, wrapped in evergreen  
Catching stars to keep  
Feel my quiver seize

Since we found out that we're invincible  
We've been living in a dream world  
Since we decided to be infinite  
There's no ending and there's no fear

I was filled  
You made my bones still  
Your eyes well with tears  
We're alive, my dear

(No fear, no fear, no fear)  
(No, no, no, no, no fear)  
We've been weak, we've been down  
(No fear, no fear, no fear)  
(No, no, no, no, no fear)  
Kicked ourselves to the ground  
(No fear, no fear, no fear)  
(No, no, no, no, no fear)  
Only lost to be found  
You're my hero now

(No fear, no fear, no fear)  
Ahh...  
(No, no, no, no, no fear)  
Ahh...  
(No fear, no fear, no fear)  
(No, no, no, no, no fear)  
Ahh...  
(No fear, no fear, no fear)  
(No, no, no, no, no fear)  
Ahh...
