Evergreen

Lay by me, wrapped in evergreen Catching stars to keep Feel my quiver seize

Since we found out that we're invincible We've been living in a dream world Since we decided to be infinite There's no ending and there's no fear

I was filled You made my bones still Your eyes well with tears We're alive, my dear

(No fear, no fear, no fear) (No, no, no, no, no fear) We've been weak, we've been down (No fear, no fear, no fear) (No, no, no, no, no fear) Kicked ourselves to the ground (No fear, no fear, no fear) (No, no, no, no, no fear) Only lost to be found You're my hero now

(No fear, no fear, no fear)
Ahh...
(No, no, no, no, no fear)
Ahh...
(No fear, no fear, no fear)
(No, no, no, no, no fear)
Ahh...
(No fear, no fear, no fear)
(No, no, no, no, no fear)
Ahh...
