

## Do Your Own Thing

Brook Benton

People like to tell you  
What you can't do  
They may be right  
But who's to say

You know you've got  
Your own sing to sing  
Do your own thing  
Do your own thing today

Being free means  
You can be your own self  
And that means  
Doing things your way

Don't be a puppet  
Tied to a string  
Do your own thing  
Do your own thing today

Today is all you  
Can count on anyhow  
For it's here and it's now  
And happiness may spread  
It's wings tomorrow

So flap a feather while you may  
Do it before that  
Bluebird takes wing  
Do your own thing  
Do your own thing today

Don't let that bluebird fly away  
You've got to do your own thing  
Do your own thing today
