

# Never Let You Down

Brooke Hogan

You can come hold me anyday any single way  
I know this for sure  
I don't know why she hurt you  
What a pitiful thing to do to someone like you  
I know you may be hesitant to try love again  
But I understand, but if you give it a go again  
I will be your best friend

Boy I know you've been hurt before  
But I promise you no more  
Cross my heart babe  
I will never let you down  
Cause I am the one that you can trust  
Cause I wanna show you love  
Let me in babe  
I will never let you down

I know just what I gotta do  
To get through to you  
I'll just show and prove  
Actions can speak louder than words  
So I gotta show you this can work  
That girl wasn't right for you  
She can't do what I can do  
So I won't let her take this song that I play to you and only you  
You don't have to be afraid  
You and I were simply made to be together  
I won't hurt you I'll love you forever cause

Boy I know you've been hurt before  
But I promise you no more  
Cross my heart babe  
I will never let you down  
Cause I am the one that you can trust  
Cause I wanna show you love  
Let me in babe  
I will never let you down

These feelings I have for you  
Are deeper than oceans blue  
I just can't get enough of you  
We've been friends for some time  
But baby who knew  
So I just gotta state my case  
Hold my hands, we're face to face  
Cause I'm so sensire that I wanna keep showing I care

You don't have to be afraid  
You and I were simply made to be together  
I won't hurt you I'll love you forever cause

Boy I know you've been hurt before  
But I promise you no more  
Cross my heart babe  
I will never let you down  
Cause I am the one that you can trust  
Cause I wanna show you love

Let me in babe  
I will never let you down

You've been hurt before  
But I promise you no more  
Boy as crazy as it sounds  
I will never let you down  
I'm the one that you can trust  
Cause I wanna show you love  
Let me in to show you how  
I will never let you down
