

Radio Radio

Brooke White

Radio, radio
Tell me what I wanna know, wanna know
I've been wide awake, staying up all night
Waiting for a song that will make me feel alright.

Break it up, break it down
All this bad news keeps on hanging' around
Well, I'm stuck in a rut
And I need that diamond in the rough

So, radio, radio
Tell me what I wanna know, wanna know
I've been wide awake, staying up all night
Waiting for a song that will make me feel alright.

So, radio, radio
You can play it fast, you can play it slow
You're the only one who can understand
Come on, make me feel like dancing.

And I'm caught in my heart
Where you're with me, everywhere I go
And I know (I know), yes I know (Yes I know)
That I can count on you like a good friend.

Radio, radio
Tell me what I wanna know, wanna know
I've been wide awake, staying up all night
Waiting for a song that will make me feel alright.

So, radio, radio
You can play it fast, you can play it slow
You're the only one who can understand
Come on, make me feel like dancing.

Make me dance, make me cry
Make me feel in love, feel like I'm alive
Make me blue, how we do
Make me anything that you want to

Radio, radio
Tell me what I wanna know, wanna know
I've been wide awake, staying up all night
Waiting for a song that will make me feel alright.

So, radio, radio
You can play it fast, you can play it slow
You're the only one who can understand
Come on, make me feel like, feel like dancing, yeah.
