Days Of Thunder

Brooks & Dunn

- Alotta trucks lined up down by the lake Drinkin beer on the back of the tailgate Boys from the valley wanna start a fire Hey baby what you wanna do tonight The only fear a rebel heart knows Nothing to do and anything goes
- R: Looking back on those days of thunder Shake my head and I have to wonder How we ever made it through that Every night your taking me back Desert road and a restless wind Ain't it good to feel that way again Here we are the way we were And those days of thunder
- 2. That ole Ford is sure fast on the draw Out gunned the Chevys and out run the law Out skirts of town looking down on the light Waitin for some kind of lightening to strike The cars and the bars and the songs we knew had changed The fire burns the site of her still remains
