

# I Used to Know This Song by Heart

Brooks & Dunn

I sat down to say it  
The words wouldn't come  
I just couldn't play it  
And it tore me all apart

The bell I tried to ring it  
The words wouldn't come  
I just couldn't sing it  
And I used to know this song by heart

(2x):

I sued to sing this song to you  
For days and days  
In so many different manners  
In so many different ways  
I used to think this dream we had  
Could never come apart  
And I used to know this song by heart

So when I sat down to say it  
The words wouldn't come  
I just couldn't play it  
And it tore me all apart

The bell I tried to ring it  
The words wouldn't come  
I just couldn't sing it  
And I used to know this song by heart
