

## It's A Jungle Out There

Bros

I'm tied and I'm hurting  
I'm trapped in this fencing  
It's fear that keeps me in  
and barbed wire keeps me out  
so tired and so pale

It's a jungle out there, there  
I am just a prisoner  
help me to survive that  
jungle out there, there  
Help help me please  
help me to survive that  
jungle out there, there

I'm caged and I'm hungry  
I'm bound to this fury  
Welcome to the circus, get a ticket  
Three rings and a clown  
I'm trapped so free me now

It's a jungle out there, there  
I am just a prisoner  
help me to survive that  
jungle out there, there  
Help help me plesae  
help me to survive that  
jungle out there, there
