

Something About Susan

Brotha Lynch Hung

I told you, hated the way you always used to leave me
I saw you at the club with that motherfucker Ci-Ci
I pulled up, you was in the front of the club
I saw another nigga huggin you you know I was trippin
I had to dip in, order me a dirty martini and best believe me
I really didn't want a bitch to see me
So I put on the spydie's took out my I.D. and
I have to keep the knife right behind me till ya by me
I was in the bathroom shakin the dick off when he came in
I wanted to pull out the N9ne milli and bash his brains in
Grr, you know how Brotha Lynch will do it
Walk up on a nigga with 2 blades and give a nigga 2 slits
Na, my main goal was the same ho
She used to let me put the Ruger up in the anal
I taught her all that shit now the next nigga benefactin
Irv take me to the hook I need an intermission

I swear I love her, I never let her out of my sights
There's no more livin if I ever let her out of my life
Cause when she's not 'round it's just not right
You are my heart, I give you my all

Somethin bout Susan she keep my bed warm
I go to sleep with her then I wake up in the morn
Then she right by me side then we hop in the ride
With a bottle in my hand, thats how we drink and drive
85 on a 35, straight pushin
Theres somethin bout Susan keep haters just lookin
When the sun goes down, we dress up in all black
Matchin outfits, she been down since way back
Back when I used to cook crack at the house
And even though she set ya boy in a cell a couple times thats my spouse
And I love her but I hate her, when she spit at other niggas
Put me in situations where she get at other niggas
Now she got the police askin questions lookin for her
Im bout to wrap her up and leave he on the river floor
Im bout drill this chick(?) and so much water like a moor
This my love train all aboard, till death do us

3 in the morning I can't sleep I'm having bad dreams
I keep seeing bad shit, this was a bad week
I had bad month, shit... I had a bad year
I had a bad life even before she came here
I used to tell them I was married to the music
And I never should've changed that
I Gotta get my strange back!
I used to write every morning and smoke hella weed
I used to be on the road, used to make hella cheese
And now I'm struggling broke
And you could tell I'm heated
Bringing bullshit in my life
And I don't really need it
I think I'm smoking too much
It's like suicide
I won't eat, won't shower
Between you and I
My trust is all fucked up

I'm ready to give the fuck up!
I'm ready to murder everything!
My life is all sucked up!
I'm tired of all this shit!
And now the next nigga benefitted
Irv, take me to the hook
I need an intermission...
