

## Ear To Ear

Brother Ali

I shed my ex-wife kept my son with me  
Now me smiling ear to ear now that's something to see, shit

I said my life, and my God and my songs  
Good Lord Ya'll  
I said my life, and my God and my songs

Man no question use to always know that I was crazy  
Guess it's safe to say I came a long way baby  
Mama throwing dishes at my ex-wife bitching at me  
never did envision daddy could be this happy, shit  
To me not broke is rich  
Got a two bedroom a new sofa to sit  
For the first time ain't go to Good Will or St. Steven's  
But IKEA put that boy together last weekend  
Out in NY I met a fly Puerto Rican  
Dined out sales girl Victoria's Secret  
Took her on a train to Pennsylvania for a weekend  
that's eighteen months ago dog, guess where she been?  
Frozen tundra chillin with boy wonder  
Done discovered love like a mother fucker  
I tried to warn my baby that the winters no joke  
She said "Big dick daddy I'll just get me your coat"  
Goddamn

I said my life, and my God and my songs  
Good Lord Ya'll  
I said my life, and my God and my songs  
Good Lord Ya'll  
Said I'm gonna do it for you  
I'm gonna do it for you
