

Need A Knot

Brother Ali

I need a knot whether the bread is for me or not
I need a knot whether the bread is for me or not
I need a knot whether the bread is for me or not
Show me the spot

I had to get paper use to move white
Did it 24/7 morning noon night
Had to hit the block early in my true life
Scraping on the concrete in the moonlight

Powerful supply got that powder from the sky
I could always get it where you want it by tonight
Love the fluffy but I take it wet and hard
Push it off the sidewalk dump it in the yard

I'm a hustler, was cold blooded
All my customers their nose running
Got my muscles up pitching whole bundles
I ain't selling cocaine I had a snow shovel
