

## Mirror Ball

Brother Cane

Spinning mirror ball, hanging over me  
Spinning mirror ball, are you listening  
Don't justify or hesitate, feel the sorrow when you wait  
Close your eyes and don't ask why, you will need no aliby  
Lucky mirror ball, hanging over me  
Come and see me now  
Come and show me, show me how  
I'm waiting, been standing on the line,  
Just waiting, I'm crossing over this time

Don't save me, looks like I'm finally out of my mind  
Lucky mirror ball, never lie to me  
Is it real at all, immortality?  
Not satisfied in between, living here with all these things  
I can see the other side, do I dare to take that ride  
Hold me now, and I will wait  
Dreams can lie, and drift away  
Spinning mirror ball, are you listening  
Spinning mirror ball, never lie to me
