

# Hungry For Heaven

Brother Firetribe

You're a dancer  
But you're dancing on air  
Just a matter of time till you fall

You're a dreamer  
One night at the fair  
But still you want it all

You're in danger  
The last of a line  
But the vision lasts forever

So just hold on  
You can make it happen for you  
Reach for the stars and you will fly

You're Hungry for Heaven  
Hungry for Heaven  
Hungry for Heaven  
But you need a little hell

You're a runner  
But you're chasing yourself  
Feel the hot breath on your shoulder

You're emotion  
Running cold running warm  
The young just getting older

We are sunlight  
We can sparkle and shine  
And our dreams are what we're made of

So just hold on  
You can make it happen for you  
Reach for the stars and you will fly

You're Hungry for Heaven  
Hungry for Heaven  
Hungry for Heaven  
But you need a little hell
