

# I Am Rock

Brother Firetribe

Power, it's in the air  
I can feel it coming on strong  
I am... stalking the street  
You feel my hot breath on your back, yeah  
Hungry, I'm hungry for love  
My nature of the beast is wild  
Beware, it's hot in the shade  
You can run, but you can't hide  
I'll be your wildest dream - I'm forever! (forever)  
Riding the wings of storm  
Are you ready? Aim, fire!

R:  
I am rock, harder than rock  
My heart beats through the steel  
Thunder and night, both back in the light  
Oh yeah, oh yeah, oh yeah

C'mon, I do you no harm  
What you see is what you get  
And I know, you can't stop thinking of me  
I see what your dreams are made of  
I'll put the spell on you forever (forever)  
King of the mountain  
Will you be my queen?

R: (x2)

I am, I am rock (2x)  
You know that  
I am, I am rock  
I am, I am, I am

R:

I am rock!
