

# My Sweet Rosalie

Brotherhood of Man

It was late  
I didn't have a special date  
I was sitting  
On a park bench by the lake

I heard a cry  
And very much to my surprise  
Someone kissed me  
Made me open up my eyes

I turned around to solve this mystery  
And who d'ya think was sittin' next to me?

My sweet Rosalie  
Though she always plays around  
She never brings me down  
My sweet Rosie

Sweet Rosalie  
She is always full of fun  
I'm the only one for my Rosie  
My sweet Rosie

We started home (We started home)  
It was almost time for tea  
It's been a good day (Been a good day)  
For me and Rosalie

It's fun together (Fun together)  
'Cause we're such a perfect pair  
And when I want her (When I want her)  
I know she's always there

She's ev'rything a guy could ever need  
I love her, oh, I love her, yes, indeed

My sweet Rosalie  
Though she always plays around  
She never brings me down
