

Lonely Lonely Me

Brothers Osborne

Lonely, lonely me, lonely, lonely me.
My baby said she loved me but she's gone again
I've never been so lonely yet I don't remember when
Lonely, lonely me, lonely, lonely me.

--- Instrumental ---

Somehow I've got a feeling our love was not to be
She left me all this loneliness lonely lonely me
Lonely, lonely me, lonely, lonely me
Lonely, lonely me...
