

Don't Cry For Me

Brownstone

CHORUS:

don't cry for me baby
i'll be back with you
one day soon
don't cry for me baby
i'll be back soon

VERSE 1:

I know that life can be hard to take
when the one you love is gone away
but you have to be strong
you must carry on with life love
although time seems that you wont forget
there is always light shining bright within
and we must always understand
our love is stronger than a man
and wider than all of his land

(CHORUS)

VERSE 2:

Stand tall keep striving to be positive
in your memories love will always win
keep your visions clear and bright
just take control of life
i see the sadness that you feel inside
wipe your tears away hold your head up high
believe in love believe in hope
and trust that you will survive
and find your piece of mind

(CHORUS)

BRIDGE: NOOOOOO NO

Don't cry baby dry your eyes i know everything's gonna be alright
don't cry no no don't cry (REPEAT 4X)
No no no oh no no no oh cry (REPEAT UNTIL FADE)
