

## It Won't Be Long

**Bruce Cockburn**

Heard the rooster crowing  
Couldn't see no dawn  
But I know it won't be long

To keep the fire burning  
Ain't no easy game  
But we'll do it just the same

I'm going to the northland  
Where the weather keeps you real  
Till this devil's law is repealed  
And I know it won't be long
