

# Keep It Open

**Bruce Cockburn**

When thoughts rush by  
And your signals seem to fly  
Keep it open  
Keep it open  
And help me keep mine open too

Some will lie behind  
But we needn't be unkind  
Keep it open  
Keep it open  
And help me keep mine open too

Sun stoned in the east  
In our eyes let there be peace  
Keep it open  
Keep it open  
And help me keep mine open too
