

## Gates of Urizen

Bruce Dickinson

As above, so below  
All things come from the one  
Now you are the victim  
Carried by the wind, rooted in the ground  
If you want to learn the secrets  
Close your eyes...

The ladder falls away  
At the gates of Urizen  
Fallen eagles blaze  
At the gates of Urizen  
Eternal twins are damned  
At the gates of Urizen  
Separate lives begin...

In every woman is a man  
From the moon come silver ghosts  
Spectres of the blood  
From my spirit comes the darkness  
From the void, the crimson fortress rises...

At the gates of Urizen  
The ladder falls away  
At the gates of Urizen  
Fallen eagles blaze  
At the gates of Urizen  
Eternal twins are damned  
At the gates of Urizen  
Separate lives begin...

At the gates of Urizen  
The ladder falls away  
At the gates of Urizen  
Fallen eagles blaze  
At the gates of Urizen  
Eternal twins are damned  
At the gates of Urizen  
Separate lives begin

At the gates...of Urizen...  
The gates of Urizen...  
The gates of Urizen...  
At the gates...
